

The screenshot shows a web browser window with two tabs: 'Home' and 'Home - Elastic'. The address bar shows 'localhost:5601/app/ml#/filedatavisualizer'. The breadcrumb trail is 'Machine Learning / Data Visualizer / File'. The main navigation bar includes 'Overview', 'Anomaly Detection', 'Data Frame Analytics', 'Data Visualizer' (which is active), and 'Settings'. The page title is 'visualizacao\_1\_avancada\_api.csv'. Below this is a form titled 'Import data' with an 'EXPERIMENTAL' badge. The form has two tabs: 'Simple' (selected) and 'Advanced'. Under the 'Simple' tab, there is a label 'Index name' above a text input field containing 'visualizacao\_1\_api\_index'. Below the input field is a checked checkbox labeled 'Create index pattern'. At the bottom of the form is a blue 'Import' button. At the very bottom of the page, there is a dark grey bar with 'Back' and 'Cancel' buttons.

Figura 1

This screenshot is similar to the one above, showing the 'Import data' form in the 'Data Visualizer' section. The browser tabs are 'Home' and 'Dev Tools - Elastic'. The address bar is 'localhost:5601/app/ml#/filedatavisualizer'. The breadcrumb trail is 'Machine Learning / Data Visualizer / File'. The main navigation bar is the same, with 'Data Visualizer' active. The page title is 'visualizacao\_2\_avancada\_api.csv'. The 'Import data' form is identical in structure to the one in Figure 1, with the 'Simple' tab selected and the 'Index name' input field containing 'visualizacao\_2\_api\_index'. The 'Create index pattern' checkbox is also checked, and the 'Import' button is present at the bottom of the form. The dark grey bar at the bottom with 'Back' and 'Cancel' buttons is also present.

Figura 2

The screenshot shows a web browser window with the URL `localhost:5601/app/ml#/filedatavisualizer`. The page title is "Machine Learning / Data Visualizer / File". The navigation bar includes "Overview", "Anomaly Detection", "Data Frame Analytics", "Data Visualizer" (selected), and "Settings". The main heading is "visualizacao\_3\_avancada\_api.csv". Below this is a form titled "Import data" with an "EXPERIMENTAL" tag. The form has two tabs: "Simple" (selected) and "Advanced". Under the "Simple" tab, there is a label "Index name" above a text input field containing "visualizacao\_3\_api\_index". Below the input field is a checked checkbox labeled "Create index pattern". At the bottom of the form is a blue "Import" button. At the bottom of the page, there is a dark grey bar with "Back" and "Cancel" buttons.

Figura 3

The screenshot shows the same web browser window as Figure 3, but the main heading is "visualizacao\_4\_avancada\_api.csv". The "Import data" form is identical to the one in Figure 3, with the "Index name" input field containing "visualizacao\_4\_api\_index". The "Create index pattern" checkbox is also checked, and the "Import" button is present. The "Back" and "Cancel" buttons are also present at the bottom of the page.
